

INSULPLUS+

by ELASTOCHEM

Insulplus+ is our portfolio of products created for the maintenance of spray foam and polyurea equipment. Each product has been formulated to keep your equipment in top shape. Don't hesitate to get in touch with us today to learn more.

CS FLUID

FLUID FOR SOLVENT PURGE SPRAY FOAM GUNS

This cleaning solvent is a specialized solution designed for spray guns that use solvent to purge. This fluid helps to reduce downtime and maintain the internal components of the gun, ensuring optimal performance of the equipment.

1 gallon / 5 gallon sizes

PARTS CLEANER

GENERAL CLEANING SOLVENT FOR URETHANES

This versatile solution effectively removes tough residues, ensuring equipment longevity and helps to maintain optimal performance. It streamlines cleaning processes and enhances workflow efficiency.

1 gallon / 5 gallon sizes

PUMP LUBE

LUBRICANT FOR GENERAL PUMP MAINTENANCE

A specialized lubricant for spray foam parts is crucial for their protection and maintenance. This formulation guards against wear and reduces friction, ensuring the longevity and performance of equipment.

1 gallon / 5 gallon sizes

PU RIPPER

HEAVY-DUTY CLEANING SOLVENT FOR URETHANES

This specialized, industrial-grade formulation is used to remove and dissolve cured polyurethane. It efficiently breaks down and removes tough residues, ensuring equipment longevity. This product is not for general parts and equipment maintenance and should only be used when equipment is beyond quick repair.

5 gallon size only

GREASE

GENERAL USE GREASE FOR PARTS AND EQUIPMENT

Our grease is specifically formulated for spray foam parts and equipment as to not react with isocyanate. Regular usage of Insulplus+ grease helps to increase the amount of time between spray gun rebuilds.

110g / 4oz

400g / 14oz

"Maintaining our spray foam equipment used to be a hassle until we began using the Insulplus+ product line. The pump lube and gun grease have simplified our maintenance routine and improved the longevity of our machines."

- Anthony, Sprayer

"Since we started using Insulplus+ products for our equipment maintenance, we've noticed a significant reduction in downtime on the jobsite. Their products are a must-have for anyone in the spray foam industry."

- Juan, Contractor
